PIONEERED THE INDUSTRY SINCE 1962

ACL Cables PLC is the largest manufacturer of cables in Sri Lanka having pioneered the industry in 1962. ACL holds 45% share of the local market and produce the widest range of cables in Sri Lanka. Today, ACL has grown to be a Group of companies holding 70% share of the cable market in Sri Lanka.

ACL is the most sought - after brand of cables in Sri Lanka, having supplied 80% of the requirements of Duty Free projects owned by overseas investors and approved by the Board of Investment, beating foreign supplies of cables. All leading factories, hotels, commercial buildings and warehouses have used ACL Cables.

ACL continues to innovate and lead the field in the introduction of new products modern technology and machinery. In the five decades of it's existence, the Company has evolved as a specialized manufacturer and supplier of the widest range of quality cables and conductors in the country, while possessing the most advanced technology in the Asian region for the manufacture of low voltage Cross Linked Polyethylene cables (XLPE).

ELECTRICAL CABLES

Wires & Cables

Excelling itself through advanced technology, quality control and continues research and development ACL Cables produces a range of over 250 cables across 20 categories complying with most local and international test certifications including ISO 9002, ISO 9001-2000 & ISO 14001 environmental management system certificate.

SWITCHES & SOCKETS VS Series

ACL VS Series electrical switches and sockets is a combination of beautiful design and reliable performance that suits for all type of homes and commercial premises.

The white polycarbonate front plate combined with renowned design rocker switch mechanism which ensure smooth “ON” and “OFF” operation.

CIRCUIT PROTECTION DEVICES MCB, RCD & Isolator

Low voltage circuit protection devices offered by ACL include; Miniature Circuit Breakers (MCB), Residual Current Devices (RCD) and Isolators ranging from single to three phase electricity supply. ACL circuit protection devices provide protection for people against earth fault currents, direct or indirect contact, protect against overloads and short circuits, fire, lightning, control circuits and appliances.

ACCESSORIES

Electrical Accessories

ACL electrical accessories are designed to perfection under stringent quality control procedures. The range includes a variety of electrical items and fittings in order to fulfill consumer needs with ease and complete its total product basket in offer. Unmatched product quality, trust and high level of durability have always kept at core in the total process from ideation to production of ACL electrical accessories.
